2020

Dear Current, Former and Future Vendors:

Thank you for your continued support throughout the years. Serving as the current officers of the Derry Township Agricultural Fair are as follows; President Brandon Komar, Secretary Becky Tumulty and Carol Durika as Treasurer. Brandon Komar and Buddy Ribblet will be helping during the setting up of your booths for the 2020 fair year.

As you arrive, please report to the fair office and they will be contacted to help you with hook up if you so need. Please always remember to review the contract and rules. If there are any questions or concerns do not hesitate to call. A reminder to honor the due dates, as I would like to make sure spaces are filled appropriately. Please remember to send in insurances as well as retain ServSafe certification as we have been inspected early by the Department of Health.

Just to clarify another issue learned in past years, if we have loss of power or natural disaster, please stay at your booths until myself, Buddy Ribblet or an exec board member make the call to have an early shutdown. We will touch base as soon as we can with everyone, once safety of customers has been established. Also, please remember to stay open from 4pm-10pm, Sunday thru Saturday unless one of us is notified of an arrangement. We have customers to please, and we will strive to maintain a crowd thru the evenings.

Please call me with any questions as we are willing to work thru anything that comes up.

2020 fair dates are as follows:

The DTAF will be held from July 12th- July 18th 2020

Thank you for your time and continued services,
Sincerely,

Brandon Komar
DTAF President
